FOR HIGH-QUALITY HOSPITALITY PRODUCTS AND SERVICES, CHOOSE MORGAN.
WWW.MORGANSERVICES.COM

WHY MORGAN?...

For over 125 years, Morgan Services has been a family-owned textile rental company with locations across the country. We specialize in linen and uniform rental services for all types of hospitality businesses. Our value as a business partner is our ability to help you reduce costs, improve productivity and enhance your image. When it comes to linens and uniforms – we do the work so you don't have to!

CONVENIENCE, QUALITY AND APPEARANCE

We deliver fresh, clean, crisp-looking hospitality linens and uniforms on a regular schedule that you can rely on. Our products are manufactured with high quality fabrics laundered to the highest standards.

SAVINGS

Morgan Services counts each customer's soiled linen using the most updated count system technology on the market to help you control product loss.

ASSURED STOCK AVAILABILITY

With ASA (Assured Stock Availability) we ensure that you will not run out of product. We do this by managing your inventories and making sure that when we leave your establishment, you have enough product to get you through to your next delivery.

RESPONSIBLE ENVIRONMENTAL PRACTICES

Morgan is committed to environmental responsibility. We utilize highly efficient equipment and water reuse systems; we use environmentally-friendly wash chemicals; we reduce landfill waste by promoting cloth over paper; and we recycle.

The Textile Rental Services Association's Clean Green Certification recognizes companies that demonstrate responsible leadership in sustainability and conservation to protect the environment. Morgan Services was first to receive this honor.

BOTTOM LINE: WE DO THE WORK SO YOU DON'T HAVE TO

Whether it is reducing overall costs, improving your productivity or enhancing your image – Morgan has the technology, systems and experience to do the work so you don't have to.

WHETHER YOU ARE LOOKING FOR LINEN, UNIFORMS, RESTROOM OR CLEANING PRODUCTS, CONSIDER MORGAN SERVICES AS YOUR SINGLE SOURCE VENDOR.

RENTING MAKES SENSE

Renting uniforms and linen from Morgan Services can reduce your operating costs. You'll save because there is:

- No laundry to perform on site.
- No up-front or on-going material purchasing costs.
- No expensive maintenance costs on laundry equipment.
- No excessive inventory. As your workforce and/or business volume expands or decreases, we'll supply exactly the right amount of uniforms and linen.

OUR ATTENTION TO DETAIL

Morgan Services provides quality uniforms, linen, and reliable delivery service.

- Throughout the cleaning and delivery process we continuously inspect each product to ensure that it meets your quality standards.
- We never allow soiled and clean goods to come into contact with each other.
- We clean, wash and disinfect our carts and delivery trucks to reduce contaminants.
- Unlike other rental companies, we don't serve "heavy soil" because mixing petroleum-soaked uniforms with other items is risky business - for you and for us.

LINENS

IMPORTANT QUESTIONS TO CONSIDER WHEN EVALUATING YOUR LINEN SUPPLIER:

- HAVE YOU BEEN DISSATISFIED WITH HOW YOUR LINENS LOOK?
- HAVE YOU BEEN DISSATISFIED WITH HOW YOUR LINEN COMPANY RESPONDS TO YOUR NEEDS?
- HAVE YOU BEEN DISSATISFIED WITH HOW YOUR PEOPLE LOOK?
- HAVE YOU EVER BEEN BILLED FOR QUESTIONABLE LOSS OR DAMAGE CHARGES?
- ARE LINEN AND GARMENT INVENTORIES CONDUCTED LESS OFTEN THAN YOU WOULD LIKE?
- HAVE YOU EVER WONDERED HOW MANY PIECES YOU ACTUALLY USE ON A WEEKLY BASIS?
- HAVE YOU BEEN DISSATISFIED WITH HOW YOUR DELIVERY PERSON LOOKS?

IF YOU HAVE ANSWERED YES TO ANY OF THE ABOVE, IT IS TIME TO CONSIDER A NEW LINEN SUPPLIER.

At Morgan Services, we count —by customer— all soiled linen with the most updated technology available in the marketplace. This process can result in reducing loss charges from your invoice.

- Most linen service companies do not count the soiled linens that are returned to their facility. Why?
- Morgan uses the only proven method for balancing inventory—counting all returned soil product after every delivery. **MANY OTHER VENDORS DO NOT.**

When you choose Morgan Services as your linen supplier, you can depend on us to manage your inventory, return freshly laundered linens and provide accurate billing that you can trust to be right every time.

LOST AND FOUND

Flatware, cutlery, apparel, electronics, personal items and wallets are commonly found in soil bags. We understand there is a cost or personal value associated with these items so we have a process to ensure they are safely returned to you.

Each bag of soiled linen is tagged with the customer information upon pick-up and because we count every piece of linen from each bag, we are able to identify where items belong. At that time we notify you of what we have found and prepare it to be returned to you promptly.

GARMENT SIZING AND MEASURING GUIDE

For the best fit, it is important to take measurements correctly. It is always best to have someone else taking the measurements for you during the sizing session.

TIPS FOR MEASURING SUCCESS

- Wear thin, lightweight clothing and shoes that will be worn with the uniform during the sizing session.
- The most accurate way to order garments is by being fitted in a washed sample.
- If your measurements fall between sizes, order the larger size for a comfortable fit.

CHEST MEASUREMENT

Wrap the tape measure around the fullest part of the chest, under both arms. Hold firmly in place.

WAIST MEASUREMENT

Measure around the natural waistline, where pants are normally worn.

INSEAM MEASUREMENT

Standing with feet slightly apart, measure from the base of the crotch seam to the top of the shoe.

UNIFORMS

DOES YOUR IMAGE PASS THE 60-SECOND TEST?

Studies show that the first impression is a lasting one. You have but one minute before a potential customer forms his/her opinion of your business. Make sure you are making the best impression by wearing Morgan Uniforms.

Morgan Services makes businesses look better™. We start with uniforms that have been manufactured to provide the best quality and durability. Our direct embroidery service enables you to create the image you want customers to see, and we keep your team looking their best day after day by processing a uniform your employees can wear with pride.

WHY ARE UNIFORMS ESSENTIAL TO YOUR BUSINESS?

• COMPANY CULTURE

If you are committed to keeping your employees happy, a uniform program is a must. Studies have shown that uniforms bring about a sense of belonging and unity, which builds teamwork and improves productivity. Most employees appreciate the investment you make in them with a uniform program, and that respect and gratitude is reflected in the way they approach their work, day in and day out.

• IMAGE

Uniformed employees are an extension of your brand, and the face of your business. They show that you take pride in your business and your employees and that you are committed to excellence. A professional uniform sets the tone for your company and projects your image to the community. The uniforms you choose provide an advantage in an ever-growing competitive marketplace.

• TRUST AND SAFETY

Whether your employees interact with customers within your business location, or within the community you serve, a uniform provides a feeling of safety and security. Ensuring your associates are easily identifiable can increase customer satisfaction, which is key to building long-term success and growth for your business.

• DIRECT EMBROIDERY

Your brand is the most valuable asset to your organization. Project your image through uniforms featuring your logo. To make a great impression, be sure to ask about our direct embroidery service.

FLOOR MATS

WHY USE FLOOR MATS?

For a clean, fresh appearance and the most effective floor protection, choose rental service floor mats from Morgan. Our floor mats are constructed of high-twist nylon yarns that act as tiny brushes to scrub the soles of shoes, removing up to 85% of the soil that could otherwise be tracked into your business. When you rent from Morgan, your mats are regularly laundered using specialized washing equipment to remove built-up soil and restore the mat's attractive appearance. Other advantages include:

SAVE MONEY

- On less frequent floor cleaning.
- On stripping and waxing floors.
- On vacuuming, shampooing and replacing carpet.

PROVIDE SAFETY

- Helps keep floors dry.
- Mat surface is more slip resistant than hard surface floors.
- Helps to prevent slip and fall accidents before they happen.

PROTECT FLOORS

- 85% of the soil brought into a building can be contained within the first 10-12 feet.
- From everyday wear and tear in high traffic and work areas.

MAINTAIN CLEANLINESS

- Anti-microbial mats are treated to protect against mold, bacteria and air-borne contaminants, and protect the health of your employees and facility.

IMPROVE PRODUCTIVITY

- Helps prevent tired feet at work stations.
- Insulates against cold floors.
- Contributes to increased employee morale.

ENHANCE APPEARANCE

- Modern, attractive colors to compliment most color schemes.
- Clean, fresh mats look better and work more efficiently.
- Regularly scheduled rental service ensures that mats will maintain an attractive appearance.

MORGAN SERVICES, A VENDOR YOU CAN TRUST

The best relationships are built on trust. That is why we value and cultivate long-term relationships with both our customers and suppliers. Morgan is a family-oriented business, and we're proud of the fact that many of our Morgan team members have been with us for generations. We carefully select industry-respected suppliers who share our philosophy of acting with the best interests of our customers in mind.

"You guys are the best! Thanks for being so flexible. I've had a few companies come in and try to price match, but your customer service is so great I wouldn't even consider a change — so thank you; you make this part of my job easy."

MICROFIBER

WHAT IS MICROFIBER?

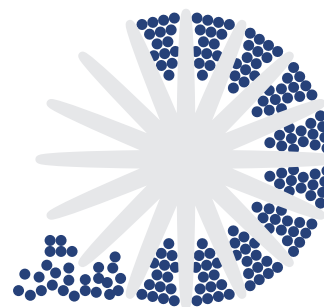

Microfiber is a synthetic material that consists of an interlocking blend of two fibers: polyester and polyamide. Polyester is a fiber that is useful for polishing and cleaning while polyamide is a fiber that is absorbent and quick-drying. When the two fibers are combined, the individual qualities of both fibers are united, creating the uniqueness and effectiveness of microfiber as a material.

COTTON FIBER

Cotton fiber only pushes dirt and moisture, leaving surfaces wet and dirty.

MICROFIBER

Microfiber lifts and traps dirt and moisture, leaving surfaces clean, dry and polished.

WHY SHOULD YOU USE MICROFIBER?

- Lint-free, non-abrasive, and hypoallergenic product .
- Allows you to clean without the use of chemicals.
- Gets underneath dirt and germs, lifting them from the surface and trapping them until the cloth or mop is laundered.
- Can hold up to seven times its weight in moisture.
- Can be used to clean and remove dirt, soap scum, dust, food, fingerprints, grime, sticky residue, moisture and more!

WHAT SURFACES ARE SAFE FOR MICROFIBER CLEANING?

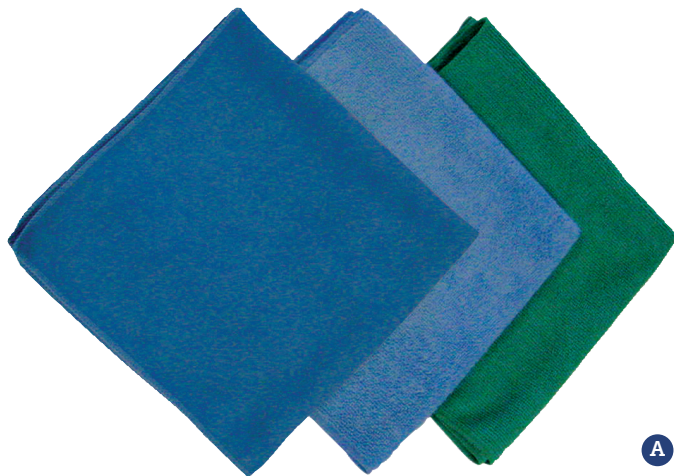

Microfiber towels can be used on most surfaces including:

- | | | | |
|---------------------|--------------|---------------------------|--------------|
| • Stainless Steel | • Chrome | • Mirrors | • Plastic |
| • Polished Surfaces | • Silver | • Granite | • Appliances |
| • Painted Surfaces | • Brass | • Porcelain | • Marble |
| • Ceramic Tile | • Glass | • Crystal | • Wood |
| • Hardwood Floors | • Upholstery | • High Lacquered Finishes | • More! |

WHAT MAKES MICROFIBER "GREEN"?

Microfiber consists of millions of tiny hooks that attract, absorb and remove dirt, dust and bacteria from surfaces without the use of chemicals. Eliminating chemical use is better for the environment and has been shown to improve air quality at facilities where microfiber cleaning products are being utilized.

THE MORGAN MISSION:

To be the best company in our service area as seen through the eyes of our target customers.

We can help your business by:

- Reducing your costs
- Enhancing your image
- Improving the productivity of your employees

AT MORGAN SERVICES WE DO THE WORK, SO YOU DON'T HAVE TO.

WHY SHOULD YOU PROVIDE HAND SANITIZING STATIONS?

Hand Sanitizers were developed to meet the needs of healthcare providers and restaurants operators looking for ways to reduce the spread of germs. Healthcare workers needed to kill germs on their hands when they couldn't get to soap and water. And restaurant operators needed extra germ-fighting protection to reduce the risk of food contamination. To maintain a more cleanly environment for your employees and guests, our line of hand sanitizing stations is a great fit.
